DHS FUNDING AWARDED TO FIRST RESPONDERS IN SMALLER CALIFORNIA COMMUNITIES

SACRAMENTO – Today the U.S. Department of Homeland Security (DHS) announced the award of \$785,453 to 48 smaller communities in California to fund equipment and training for first responders across the State.

“Funding our local first responders to prepare for all types of hazards has always been a priority. I commend DHS for recognizing the need of numerous smaller communities to help them develop tools and capabilities that they may not otherwise be able to afford.” said Director Matthew Bettenhausen.

The 2007 Commercial Equipment Direct Assistance Program (CEDAP) is a national program which funded a total of \$33.7 million to communities throughout the nation. CEDAP provides specialized commercial equipment and related training directly to smaller jurisdictions and eligible metropolitan areas.

CEDAP equipment awards are integrated with state planning processes for regional response and asset distribution. Each state’s administrative agency has the opportunity to review applications submitted by first responder organizations within their state to ensure that equipment requests are consistent with their state homeland security strategy.

A list of individual grants awards is below.

For more information on CEDAP and other DHS grant programs, visit www.fema.gov or the Governor’s Office of Homeland Security’s website at www.ohs.ca.gov
